Making Snacks

**Non-Visual Skills**  
Friendships

The NFB Braille Enrichment for Literacy and Learning (BELL) Academy prepares blind and low vision children, ages 4 through 12, to grow into confident and independent blind people who will live the lives they want. The program provides Braille and non-visual skills instruction through fun, hands-on learning. In addition to Braille crafts, games, and other engaging projects, children learn vital independent living skills, interact with blind adults who serve as mentors, and enjoy field trips to sites related to the NFB BELL Academy curriculum. Through these activities and interactions, the children learn that blindness or low vision does not define them or their future.
